Commercially minded **B2B Marketing Manager** with 5+ years turning brand, web, and campaigns into measurable growth for distribution, trade, and live-events businesses across Scotland. I lead end-to-end — **positioning and strategy**, the multi-channel campaigns that carry it, the identity it lives in, and the **websites and funnels** where it converts. Having co-founded and scaled my own ventures, I stay focused on the numbers a brand actually needs to move, and on marketing that pays for itself.
